Netlify

### Education & Training

#### Courses (2019 - 2021)

- FreecodeCamp
- Open App Academy
- Vue: The Complete Guide, by Maxmillian Schwarzmüller

#### City University of New York BMCC (2017 - 2019)

Associate of Arts: Liberal Arts

- Dean's List

### Work Experience

#### Freelance Web Developer (Dec 2021 - current)

- Worked with small businesses and start-up clients in creating landing pages and web apps
- Met with clients to discuss tech needs, solutions and software development
- Oversaw technical issues and troubleshooting requests to resolve surfaced problems

### Projects

#### Cobbl (React Native, Expo, Python Backend)

*Photo & video sharing app*

- Lead planning and development of new mobile app
- Collaborated with back end developer via Python
- Worked with UX designer via Figma
- Delegated UI work to junior developer

#### Event Platform (Netlify/React + SCSS)

*A Livestream platform*

- Converted Figma designs to a responsive web app
- Created landing, archive, & event pages
- Used Vimeo to keep in sync the Archive page for it to update past event cards programmatically

#### HasDID.io Hackathon (BootStrap + CHIA Blockchain)

*Personal DID for NFT marketplaces on CHIA Blockchain*

- Collaborated with a developer and UX designer to compete in Hackathon remotely using a git workflow. We got first place
